### **What does *Monarchs Across Georgia* do?**

- Offers Professional Learning Unit-credited teacher workshops.
- Coordinates annual trips to Mexico and the MX Book Project (donations to MX schools).
- Makes presentations on monarchs and pollinator gardening to garden clubs, schools or other interested groups.
- Restores habitat throughout the state through our Pollinator Habitat Certification.
- Documents locations and species of milkweed through our MAP: **Map *Asclepias* Project**.
- Collaborates with University of Georgia, Journey North, University of Minnesota, Emory University and the University of Kansas to support current monarch research projects.
- Maintains a website with milkweed identification photos, resources, links and current trip and event offerings.

### **What can you do to help Monarch butterflies here in Georgia?**

- Participate in a workshop or experience a Mexico trip.
- Plant native milkweed species and/or help us map the location of milkweed in the state by contributing to MAP: **Map *Asclepias* Project**.
- Certify your Pollinator Habitat.
- Participate in a citizen science project such as MonarchHealth, MLMP or tagging.
- Become a member of the steering committee by contacting the Co-Chairs.
- Join EEA (Environmental Education Alliance of Georgia) by sending your name, address, E-mail and a \$25 check (individual membership) made payable to EEA, P.O. Box 286, Mansfield, GA 30055. There is a \$25.00 fee for returned checks.
- Make a tax-deductible donation by sending your check to EEA at the above address designating funds for *Monarchs Across Georgia* or our Mexico Book Project.
